

Good morning PS 111 Chess Families,

Earlier this week, Brayden and Jack showed up to represent the team at chess camp, and Jack played his first rated game!

On Sunday, October 26th, we will be hosting our first Team Tournament of the year. These big team tournaments happen once a month, and **all players on our chess team are invited.** There are three rounds of rated chess games, with players divided into different sections according to their skill level. This is an important event for our team, as the more players we have come and play, the more points we'll be able to score against the other schools. By coming out to play this Sunday, players get a chance to play with their teammates and work together to

represent the school! You can register for the tournament here: [PS 111 Hosted Team Tournament](#). So far, Vivian and Jack are signed up from our team. If you need any sort of assistance or have any questions, please reach out to me!

If your child would like to get some tournament practice before Sunday, we will be hosting Grand Prix this Saturday as well. [10/25 Grand Prix](#). You will need a USCF ID for both of these events. If they don't have one already or need to renew the ID, you can do so here: [USCF ID](#). Last Saturday, Vivian and Joshua came to play at Grand Prix, and Vivian won all three of her games!

Shoutout to Alex for doing 70 PLW and Jack for solving 52 correct puzzles! You can check out the stats here: [111 Stat Page](#)
